## 1. Maitri Grant Program grant opportunity processes

## 1.1 Introduction

The Centre for Australia-India Relations (the Centre) is a national platform established by the Australian Government in 2023 to support and facilitate greater collaboration and engagement with India. The Centre's long-term strategic aspiration is to transform economic engagement between Australia and India, underpinned by mutual understanding and deep people-to-people ties.

The Centre works across all levels of government, industry, academia and civil society to build greater understanding of the Australia-India relationship and seize opportunities that flow from deeper connections.

The Centre's work is focused on four key areas:

1. Building India business literacy and links
2. Promoting policy dialogue
3. Engaging Indian Australian communities in support of the Australia-India relationship
4. Deepening cultural connections and mutual understanding

You must read these guidelines before filling out an application.

This document sets out:

- the purpose of the grant program/grant opportunity
- the eligibility and assessment criteria
- how grant applications are considered and selected
- how grantees are notified and receive grant payments
- how grantees will be monitored and evaluated
- responsibilities and expectations in relation to the opportunity.

We administer the program according to the [Commonwealth Grants Rules and Principles 2024](#) (CGRPs).<sup>1</sup>

## 2 About the grant program

The Centre for Australia-India Relations provides grants for economic, cultural and policy projects that benefit the Australia-India relationship. The *Maitri* ("friendship" in Sanskrit) Grant Program has been developed to deliver the Maitri Grants and Maitri Cultural partnerships programs aligned to the Centre's strategic objectives and per Australian Government's Portfolio Budget Statement outcomes 1.1 and 1.6.

Overarching objectives:

- to advance Indian Australian people to people, business to business and cultural links
- to support the implementation of [A New Roadmap for Australia's Economic Engagement with India](#)

---

<sup>1</sup> [Federal Register of Legislation - Commonwealth Grants Rules and Principles 2024](#)

Through a program of impactful and innovative projects, the Centre intends to achieve the following **outcomes**:

- deeper Australian business capability of the India economic opportunity
- improved quantity and quality of national level dialogue on issues relevant to the Australia-India relationship in both countries
- increased recognition of the contribution of diverse Indian Australian communities to our national story
- stronger cultural literacy and improved mutual understanding between Australia and India

The Centre is seeking to fund projects that will:

- **drive new areas of business engagement** between Australia and India in sectors outlined in [A New Roadmap for Australia's Economic Engagement with India](#), including the four superhighways of growth and other key priorities:
  - clean energy to further advance and deliver supply chain resilience
  - utilising education and skills to support research into new avenues for industry collaboration and opportunities to commercialise Australia's technical capability with India
  - identify and provide education and opportunities for businesses without mature existing channels for market access, including SMEs and First Nations businesses
  - agri-tech to further leverage the benefits of our economic cooperation under the Australia-India Economic Cooperation and Trade Agreement (ECTA)
  - initiatives that will enhance uptake of tourism
  - activities that support sports collaboration to generate economic engagement, including leveraging Australia's experience in delivering Commonwealth and Olympic Games
- **deliver high impact cultural, and people to people projects, activities and exchanges** that may:
  - build India capability at major Australian cultural institutions to improve mainstream understanding of India
  - leverage/raise awareness of the Audiovisual Co-production agreement
  - harness diaspora influence to promote the Australian Indian relationship, including the Indian economic opportunity

## 3 Grant amount and grant period

### 3.1 Grants available

For this grant opportunity, up to \$5.215 million is available to be paid in financial year 2025-26 for grant activities to run over three (3) years.

In these circumstances, you must appoint a 'lead organisation'. The lead organisation must meet the eligibility criteria listed in Section 4. Only the lead organisation can submit the application form and enter into a grant agreement with the Commonwealth. The application must identify all other members of the proposed group and include a letter of support from each of the partners.

## 8 The grant selection process

### 8.1 Assessment of grant applications

We first review your application against the eligibility criteria.

If eligible, we will then assess your application against the assessment criteria (see Section 6) and against other applications. We consider your application on its merits, based on:

- how well it meets the criteria
- how it compares to other applications
- whether it is in Australia's national interests
- whether it represents an appropriate geographic distribution among the totality of applications
- whether it contributes to an appropriate mix of sectors among the totality of applications, and
- whether it provides value with relevant money<sup>3</sup>

When assessing the extent to which the application represents value with relevant money, we will have regard to:

- the overall objectives to be achieved in providing the grant
- the relative value of the grant sought
- extent to which the geographic location of the application matches identified priorities
- the extent to which the evidence in the application demonstrates that it will contribute to meeting the outcomes/objectives
- the extent to which the evidence in the application aligns to Australia's national interest
- how the grant activities will target groups or individuals and the size and quality of audience the activity will reach.

### 8.2 Who will assess applications?

An assessment committee will assess each application on its merits and compare it to other eligible applications before recommending which grant applications should be awarded a grant. The assessment committee will be made up of staff from the Centre.

We may ask external experts/advisors to inform the assessment process. Experts/advisors could include:

- the Centre's Advisory Board Members,
- relevant areas of the Department of Foreign Affairs and Trade
- relevant Commonwealth agencies.

---

<sup>3</sup> See glossary for an explanation of 'value with money'.

Any expert/advisor who is not a Commonwealth Official will be required to perform their duties in accordance with the CGRPs.

The assessment committee may seek additional information about you or your application. They may consult Commonwealth or state government entities, even if the entities are not nominated by you as referees. The assessment committee may also consider information about you or your application that is available through the normal course of business.

The assessment committee recommends to the Program Delegate which applications to approve for a grant.

### **8.3 Who will approve grants?**

The Program Delegate is the Chief Executive Officer of the Centre for Australia-India Relations.

The Program Delegate will decide which grants to approve considering the availability of grant funds for the purpose of the grant program. The Program Delegate may consult the Centre's Advisory Board, DFAT staff, other Commonwealth government and expert private sector assessors and consider the availability of grant funds for the purposes of the grant program.

The Program Delegate's decision is final in all matters, including:

- the approval of the grant
- the grant funding amount to be awarded and the eligible expenditure
- the terms and conditions of the grant.

There is no appeal mechanism for decisions to approve or not approve a grant.

## **9 Notification of application outcomes**

We will advise you of the outcome of your application in writing to the primary contact provided in your application. If you are shortlisted to negotiate an agreement, we will advise you of any specific conditions attached to the grant.

You can submit a new application for the same grant (or a similar grant) in any future grant opportunities under the program. You should include new or more information to address any shortcomings that may have prevented your previous application/s from being successful.

### **9.1 Feedback on your application**

Owing to the volume of grant applications, tailored individual feedback will not be provided to unsuccessful applicants. Following the evaluation period, applicants will be invited to attend a general online feedback seminar.

## **10 Successful grant applications**

### **10.1 The grant agreement**

If your application for a grant is successful following final shortlisting, we will require you enter into a legally binding grant agreement with the Commonwealth. We use a grant agreement based on a DFAT template that has been specifically tailored to meet Centre requirements.

Each agreement has general terms and conditions that cannot be changed.

Australian Government

Centre for  
**Australia  
India**  
Relations

We must execute a grant agreement with you before we can make any payments. We are not responsible for any of your expenditure until a grant agreement is executed. If you choose to start your grant activities before you have an executed grant agreement, you do so at your own risk. You must not start any Maitri Grant Program activities until a grant agreement is executed.

Your grant agreement may have specific conditions determined by the assessment process or other considerations made by the Program Delegate. We will identify these in the agreement.

The Commonwealth may recover grant funds if there is a breach of the grant agreement.

You will have ten (10) days from the date of a written offer to execute this grant agreement with the Commonwealth ('execute' means both you and the Commonwealth have signed the agreement). During this time, we will work with you to finalise details.

The offer may lapse if both parties do not sign the grant agreement within this time. Under certain circumstances, we may extend this period. We base the approval of your grant on the information you provide in your application.

## **10.2 Specific legislation, policies and industry standards**

You must comply with all relevant laws and regulations in relation to your grant activity.

In the Grant Agreement, grantees must acknowledge that persons who undertake, or who have an arrangement to undertake certain activities on behalf of a foreign principal for the purpose of political or governmental influence, are required to register under the Foreign Influence Transparency Scheme Act (2018). It is an offence to not register if you are required to do so, and penalties apply. Further information about the scheme is accessible at: [www.ag.gov.au/transparency](http://www.ag.gov.au/transparency).

Grantees should also take into account the [Guidelines to Counter Foreign Interference in the Australian University Sector](#).

Where grant activities may involve research collaboration with foreign entities, some provisions relating to Australia's export controls regime may apply to you. It is your responsibility to consider any implications of the relevant legislation and ensure you have appropriate risk management controls in place. You should refer for example to <https://www.legislation.gov.au/Details/F2019L00424> for the Defence and Strategic Goods List 2019 and <https://www.defence.gov.au/business-industry/export/controls> for further information.

Where appropriate, applicants must provide details of intellectual property (IP) arrangements in their full applications. This includes both the use of IP in the grant activity and the proposed ownership rights to IP generated by the grant activity as well as strategies for protecting Australia's interests. Where IP is likely to be generated by the grant activity, successful applicants are required to conclude protocols or contracts with their Indian and other collaborating partners on the management of IP issues. Grantees should approach IP negotiations in line with the principles outlined on <https://business.gov.au/>.

You must ensure that you know who you are collaborating with by undertaking appropriate due diligence, proportionate to the risk and subject to available information, on all partners and personnel participating in the project. You should be prepared to demonstrate how you will manage and mitigate any identified risks including security, ethical, legal and reputational risks. The Centre conducts a detailed integrity process on its grants. Your demonstrated ability to proactively manage risk is an important part of your application.

The *Foreign Influence Transparency Scheme* provides the public with visibility of the nature, level and extent of foreign influence on Australia's government and politics. It is recommended that you review obligations and responsibilities under the scheme at [Foreign Influence Transparency Scheme | Attorney-General's Department \(ag.gov.au\)](#) before establishing project partners.

### **10.3 How we pay the grant**

The grant agreement will state the:

- maximum grant amount to be paid
- proportion of eligible expenditure covered by the grant (grant percentage)
- any financial contributions you must make
- any in-kind contributions you will make
- any financial contribution provided by a third party

We will not exceed the maximum grant amount under any circumstances. If you incur extra costs or have unintentionally omitted costs from your budget, you must meet them yourself.

We may pay up to 100 per cent of the grant on execution of the grant agreement, subject to timelines outlined in the grant agreement. You will be required to provide milestone reporting on how you spent the grant funds.

## 10.4 Grants payments and GST

Payments will be GST exclusive.

Grants are assessable income for taxation purposes, unless exempted by a taxation law. We recommend you seek independent professional advice on your taxation obligations or seek assistance from the [Australian Taxation Office](#).<sup>4</sup> We do not provide advice on your taxation circumstances.

## 11 Announcement of grants

If successful, your grant will be listed on the GrantConnect website no later than twenty-one calendar days after the date of effect as required by Section 5.4 of the [CGRPs](#).

## 12 How we monitor your grant activity

### 12.1 Keeping us informed

The Centre will allocate a grant manager as your dedicated contact point during your grant activity.

You should let us know if anything is likely to affect your grant activity or organisation.

We need to know of any key changes to your organisation or its business activities, particularly if they affect your ability to complete your grant, carry on business and pay debts due.

You must also inform us of any changes to your:

- name (including any change to the legal entity status of the grantee or ABN)
- addresses or nominated contact details
- bank account details
- new partnerships or sponsorship arrangements
- organisation's governance arrangements/composition.

If you become aware of a breach of terms and conditions under the grant agreement, you must contact us immediately.

You must notify us of events relating to your grant and provide an opportunity for the Centre, the Minister or their representative to attend.

### 12.2 Reporting

You must submit reports in line with the grant agreement. We will expect you to report regularly on:

- progress against agreed activity milestones and outcomes
- contributions of participants directly related to the grant activity
- expenditure of the grant.

The amount of detail you provide in your reports should be relative to the size, complexity and grant amount.

#### Progress reports

---

<sup>4</sup> <https://www.ato.gov.au/>

Progress reports must:

- include evidence of your progress towards completion of agreed activities and outcomes
- show the total eligible expenditure incurred to date
- be submitted by the report due date (you can submit reports ahead of time if relevant).

You must discuss any reporting delays with us as soon as you become aware of them.

### **Ad-hoc reports**

We may ask you for ad-hoc reports on your grant. This may be to provide an update on progress, or any significant delays or difficulties in completing the grant activity. Ad-hoc reporting may be requested in writing or by teleconference.

### **Final report**

When you complete the grant activity, you must submit a final report.

Final reports must:

- identify if and how outcomes have been achieved
- include the agreed evidence as specified in the grant agreement
- identify the total eligible expenditure incurred
- be submitted in the format provided in the grant agreement.

## **12.3 Financial declaration**

We may ask you to provide a declaration that the grant money was spent in accordance with the grant agreement and to report on any underspends of the grant money.

## **12.4 Grant agreement variations**

We recognise that unexpected events may affect your progress. In these circumstances, you may request a variation to your grant agreement by emailing the relevant Grant Manager or [maitrigrants@dfat.gov.au](mailto:maitrigrants@dfat.gov.au).

You should not assume that a variation request will be successful. We will consider your request based on provisions in the grant agreement and the likely impact on achieving outcomes. A variation will be in the form of a Deed of Variation.

## **12.5 Compliance visits**

We may visit you during or at the completion of your grant activity to review your compliance with the grant agreement. We will provide you with reasonable notice of any compliance visit.

## **12.6 Record keeping**

We may also inspect the records you are required to keep under the grant agreement as outlined in Section 12.2 above.

## **12.7 Evaluation**

We will evaluate the grant opportunity to measure how well the outcomes and objectives have been achieved. We may use information from your application and reports for this purpose. We

may also interview you or ask you for more information to help us understand how the grant impacted you and to evaluate how effective the program was in achieving its outcomes.
