Applying for a grant

About the Council for Australian-Arab Relations (CAAR)

The Council for Australian-Arab Relations (CAAR) supports projects that enhance **Australia's economic, cultural and social relations** with the **Arab region**. Applicants should carefully read the [Grant Guidelines](#) before submitting their application.

CAAR supports innovative projects that have clear outcomes, and which lead to greater mutual understanding and cooperation between Australia and the Arab region, on an individual or institutional level. The Council has a special focus on the Dubai Expo 2020 themes (1 October 2021 - 31 March 2022) assisting the initiation of activities that are likely to prove self-sustaining.

The Board assesses grant applications on the likely benefits a project will bring, rather than the amount requested. While the level of grant funding will be decided according to the merits of the proposal, funding will generally be between above a **minimum of AUD 20,000, and up to a maximum of AUD 70,000**. CAAR encourages applicants to also seek funding for their project from other sources.

Applications must demonstrate relevance to the [Strategic Objectives](#). In addition, proposals must address a CAAR Priority Sector.

Proper consideration should be given to how the project will acknowledge CAAR funding. Any publications, electronic media and publicly performed activities associated with the project should carry the [CAAR logo](#), subject to agreement by the CAAR Secretariat. Invitations to Board Members for key events associated with the project are highly desirable. It is expected that grantees will appropriately advertise CAAR events, including through social media, and provide regular updates (such as photographs, short videos) to the CAAR to enable promotion of the project via the CAAR [Facebook page](#).

Please ensure you have read the information for grant applicants on the [Council for Australian-Arab Relations \(CAAR\) Guidelines](#) prior to answering these questions.

The document sets out:

- the purpose of the grant opportunity
- the eligibility and assessment criteria
- how grant applications are monitored and evaluated
- responsibilities and expectations in relation to the opportunity.

Proposals must demonstrate relevance to a CAAR Priority Sector.

Applicant

The nominated applicant will be responsible for project management, reporting and acquittal of funds.

Are you applying as an organisation or an individual? *

- Organisation
- Individual

Note: It is important to select either individual or organisation for impact on your eligibility criteria. The Secretariat provides grants to Arab organisations, however you need a partner Australian organisation who will also be working on the project. Furthermore, the applicant nominated in this section will be the one accountable for managing the finances for the project. This means that the ABN for the organisation must be included in order for DFAT to account for GST. For example: If applicants submit an application on behalf of a university, select organisation and provide the name and ABN of the university instead of submitting as an individual person from the institution. Please ensure that this is agreed upon by your institution before submitting an application.

Project Results and Impact

CAAR 2021-22 Grant Round Application Form

Form Preview

Project results need to be clear, realistic and measurable within the project timeframe. Between two and four project-specific results can be outlined. Further questions provide the opportunity to detail the planned project results expected to be common across all funded projects: building relationships and extending the reach of the project.

Expected Project-specific Result 1 *

Must be no more than 150 words

What publicity is intended to extend the reach of the project and acknowledge the support of the CAAR/DFAT? *

Must be no more than 100 words

For example:

Which social media tools you will utilise?

How often will you post about the event and over what period of time?

Will you take photographs and video footage for online publication?

Will you create online invitations, such as Eventbrite?

CAAR 2021-22 Grant Round Application Form

Form Preview

How many print, radio and television media organisations do you intend to contact?

How will you work to ensure that CAAR funding is acknowledged in all publicity, be it print, radio, TV or online?

Note: While the grantee cannot guarantee that a media agency acknowledges CAAR funding all efforts must be made to request that this be done.

Grantees are responsible for the publicity for all events related to their grant regardless of whether the event is directly hosted by the grantee, or by a third party.

In your project acquittal you will be asked to report on the quantity and quality of media coverage. This will include the number of media articles, radio and television broadcasts, website hits and social media interactions. Qualitative information expected would include the depth of information provided, length and appropriateness of the target audience. This will help inform assessment of the impact of your project. Outlining your publicity goals here will inform the assessment your application against our objectives.

What measures will you put in place to support key relationships and sustain project results? *

Must be no more than 150 words

In your acquittal report, you will be asked for information on the number and type of formal, long term relationships that have been created or strengthened as a result of your project, along with measures to ensure sustainable outcomes.

Most Significant Change

In your **project acquittal report** you will be asked to identify the most significant change (positive or negative) you observed in the bilateral/regional relationship in the past year and the most significant change relating to your field you believe resulted from your project. You will be invited to provide your rationale for selecting these particular changes.

Monitoring project results

CAAR 2021-22 Grant Round Application Form

Form Preview

How will you know if these results have been achieved? *

Detail the monitoring plan for your project. Outline how project results will be measured and recorded, including media coverage (questionnaires, surveys, interviews, etc). Must be no more than 150 words.

Project Gender Lens

How will you address the needs of people of different genders in the design and management of your initiative? How will you know if you have considered all genders adequately? *

Show how you have considered gender differences in designing your project/program and how you will assess your results. Outline how you've catered for all genders adequately (presuming your initiative is designed for all genders) and how you will measure the gender split of your beneficiaries. If you are running a gender-specific initiative, please tell us why only one gender is being targeted. For more information on applying a gender lens to your work, visit <http://www.fundingcentre.com.au/help/gender-lens>

Who are the expected primary beneficiaries of this project/program? *

Choose only the group/s that are at the very core of this project/program. If your initiative is open to everyone, choose the first item, 'Universal - no particularly targeted beneficiaries'

Working with Children

DFAT considers a child to be a person under the age of 18 years. DFAT's Child Protection Policy provides a framework for protecting children from exploitation and abuse in the delivery of projects supported by DFAT. The Policy is available [here](#). An example code of conduct is provided within DFAT's Child Protection Policy. If you or your organisation would like further information, contact childprotection@dfat.gov.au or on +612 6178 5100, ideally well in advance of the closing date.

Will your project involve working with children? *

Yes

No

If this project is working with children, are policies adequate or does this need referral? *

Adequate

Refer to Child Protection Section

DFAT's Child Protection Section will work with organisations to develop simple child protection policy as appropriate. Grant agreements can be signed where applicants are willing to work with DFAT to develop appropriate policies.

If yes, attach a copy of your guidelines
