About the Programs

Thank you for your interest in the Centre for Australia-India Relations' (the Centre) Maitri ("*friendship*" in Sanskrit) Scholarships and Fellowships Grant Programs. The Centre will deliver the two programs to deepen our education, economic and strategic policy links. Please refer to the [Maitri Scholarships and Fellowships Programs Grant Guidelines 2024-25 - Final](#) when completing your application. Ensure you meet the eligibility requirements and your activity is an eligible one. If you have any questions, please email maitrischolars@dfat.gov.au prior to the advertised closing date.

Funding will be provided under the two programs:

1. Maitri Scholarships Program

The Maitri Scholarships Program will support high-performing Indian scholars to complete postgraduate Higher Degree by Research (HDR) - Masters (by research) or Doctor of Philosophy (PhD) studies in STEM-related fields such as:

- advanced manufacturing
- critical technology (incl. batteries)
- life sciences
- medical technology
- critical minerals, and
- clean energy solutions

at universities across Australia.

The Maitri Scholarships Program objectives are:

- promote Australia's high-quality education and bolster Australia's reputation as a destination of choice for top Indian students
- develop deep and long-lasting people-to-people and institutional links between Australia and India, and
- encourage and support greater research collaboration and linkages between Australia and India.

The intended outcomes of the grant opportunity are:

- greater awareness of the value the Indian diaspora can bring to the bilateral relationship between Australia and India, and
- stronger connections between Australia and India in STEM-related fields.

Successful Maitri Scholars will join the alumni community and share their experiences, promote the program and continue to develop knowledge of and professional links with Australia (including the Indian diaspora community).

2. Maitri Fellowships Program

The Maitri Fellowships Program will fund Australian Think Tanks with experience in the Australia-India bilateral relationship to engage a Fellow to work on geostrategic or geoeconomic policy issues.

Funding will be provided under three streams:
